

**BECKSANG**

# Unified Cryptocurrency Platform

---

# 1 INTRO

## Unified cryptocurrency platform

---

### Project1 NOAH

Solution for miners.

We offer low fees on mining pool, mining tool and cloud mining service.

### Project2 RAGNAROK

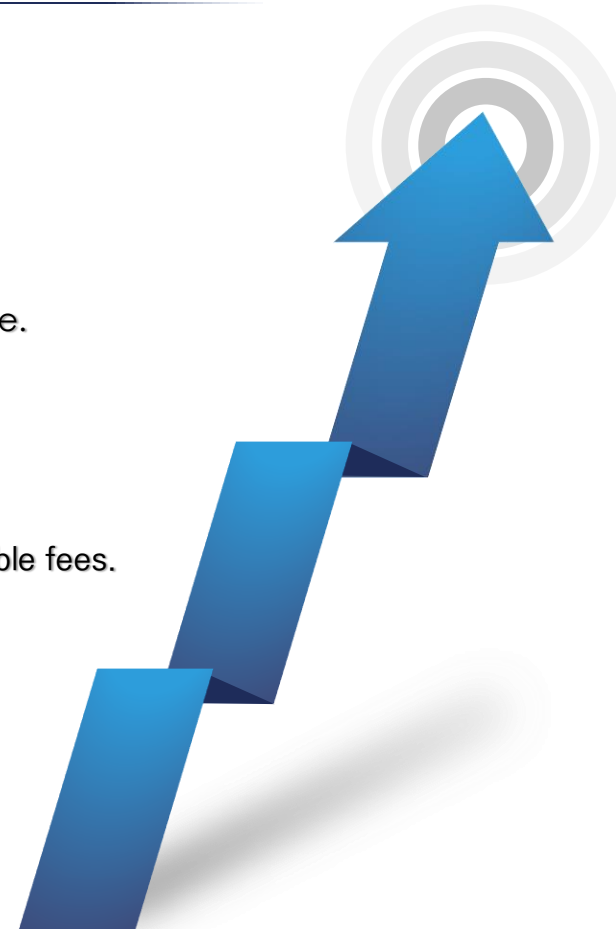

Solution for traders.

We will open worldwide cryptocurrency market with fast, secured, reasonable fees.

### Project3 CREATION

Solution for future.

Cryptocurrency used in shopping malls.

## 2 PROJECTS

### 01 NOAH

Our solution is simple. Reduce fees, reasonable price in cloud mining. Today, there are too much fees in mining. Mining tool takes 2% fees, mining pool takes 1% fee and when you want to sell the coin that you mined, market takes 0.25% fees. For example, if you mined coins worth \$10,000 then you need to pay \$325 fees.

This is possible through sharing pool and tool from our cloud mining service and save deposit fee through BECKSANG trading market. We will take our ARI token for cloud mining hash rates.

**Buy smart**  
**Save fee secure your property**

## 2 PROJECTS

### 02 RAGNAROK

BECKSANG cryptocurrency market offers biggest network with lowest fee. We will build a giant market for people to buy and sell cryptocurrencies round the world. Other cryptocurrency markets take 0.3% fee but we offer 0.1% fee. Our pool's payout will be instant if you choose to use our market.

Trade in big market  
Easy, fast, secured

## 2 PROJECTS

### 03 CREATION

We will provide decentralized cryptocurrency payment gateway to buy and sell in online shopping. So the money transaction will be easy, fast and also be secured.

Decentralized cryptocurrency payment gateway
