**KINDLY READ THESE TERMS AND CONDITIONS CAREFULLY AS THIS WILL AFFECT YOUR LEGAL RIGHTS, OBLIGATIONS, WAIVERS, AND LIMITATION OF LIABILITY IN REGARDS TO USING THIS WEBSITE AND YOUR DONATION FOR FUTUREWORKS TOKENS. IF YOU DISAGREE WITH ANY PART, PORTION OR ALL OF THESE TERMS AND CONDITIONS, PLEASE EXIT THIS WEBSITE AND DO NOT DONATE FOR FUTUREWORKS TOKENS.**

#### **Acceptance of these terms**

**These General Terms and Conditions (hereinafter referred to as the “Terms”), and any/all accompanying Policies or additional terms shall constitute a legally binding Agreement between “Us” “FutureWorks Token Owner” and any/and all donators and website Users.**

**User consent and understands that by accessing or using this website or donation for FutureWorks Tokens, the User has fully read, understands, and conclusively accepts these Terms and Conditions.**

#### **DISCLAIMER**

- We cannot and does not guarantee market liquidity for FutureWorks Tokens. By donating for FutureWorks Tokens, You expressly consent and represent that you fully understand that there may be volatility in pricing and will not seek to Us liable for any losses or any incidental, consequential or special damages arising from, or in any way in association with the donation for FutureWorks Tokens.**
- You should carefully consider all technical and consequential risks associated with the donation for FutureWorks Tokens and, to the extent required, consult a relevant lawyer, tax professional or accountant to guide you in the donation process.**

# 1.0 – Introduction

---

**FutureWorks** will solve one of the biggest fears for independent filmmakers, which is finding the budget of a project. Dream Comet Studios, LLC has been around since 2014. At first, the company started as a small production company, but over the years it has grown into a full creative house based out of Cleveland, Ohio. Anthony Daniel created a business that only focused on one thing, to create **original** content.

Dream Comet Studios, LLC has made two feature films. Both films are a successful video on demand title, which the budgets of the films were less than **\$5,000** USD combined and yet still grossed over **\$70,000** USD overall. In the recent years, Anthony has worked with bigger partners such as Twitch, Redbull, Gravitas Ventures, and even the Wounded Warriors Project.

Anthony Daniel invented **FutureWorks tokens**, which run off blockchain technology using smart contracts. He saw that cryptocurrency was on the rise and figured out a creative way that will reward his donors for helping to create future motion pictures. Overall the years, he has learned about how hard it truly is to follow your dreams. **The future is now;** we now live in a time where we're all connected somehow. Anthony believes this should make it **easier** to find your **happiness**, but still, everyone runs into brick walls every now and then but that is life. If it was easy, everyone will be doing it.

Dream Comet Studios, LLC is now the first ever film Production Company that **rewards** its **supporters** in cryptocurrency. Anthony Daniel invented a patent-pending film donation blockchain technology that will help **support** the donors for **supporting us**.

---

## 2.0 – The Main Problems

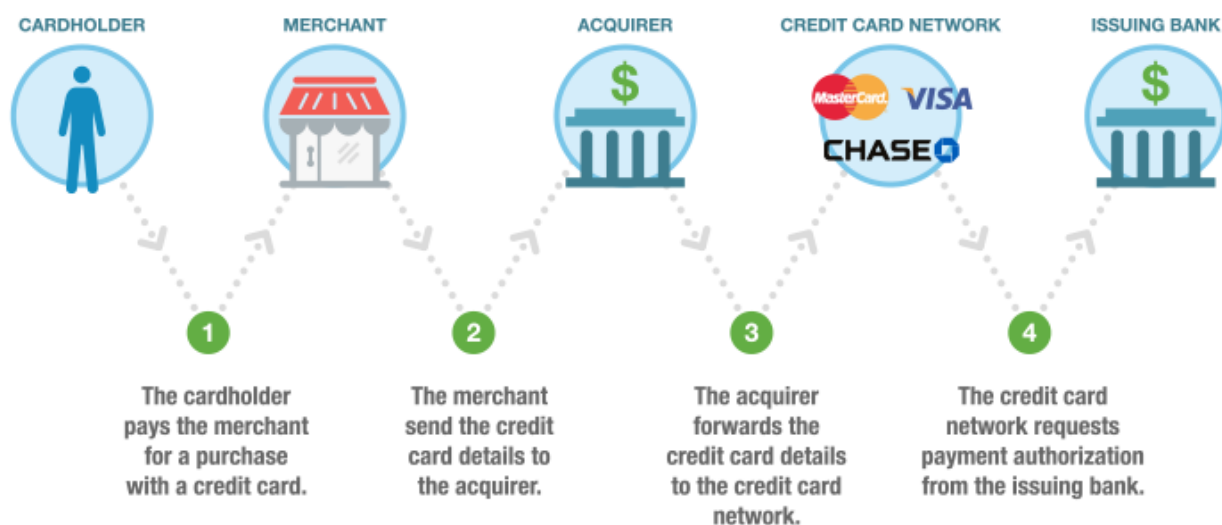

---

Three significant issues that independent filmmakers face when crowdfunding: **fees, expenses, and an inability to reach the full amount of supporters worldwide.** Nothing in life is free, but fees from collecting your donations on crowdfunding platforms have turned into a problem. Most crowdfunding platforms will charge you anywhere between **5% - 10%** of your total funds raised and payment processing fees of **3% - 5%** plus **\$0.20 - \$0.30** USD per a pledge. That might not seem like much, but that all adds up and takes away from your project's funding. If you don't bank in the United States of America the rates are higher plus transfer fees.

---

### 1 Authorization

---

---

Check out more details by visiting this great article posted on WalletHub, [link](#)

## 2 Authentication

## 3 Clearing & Settlement

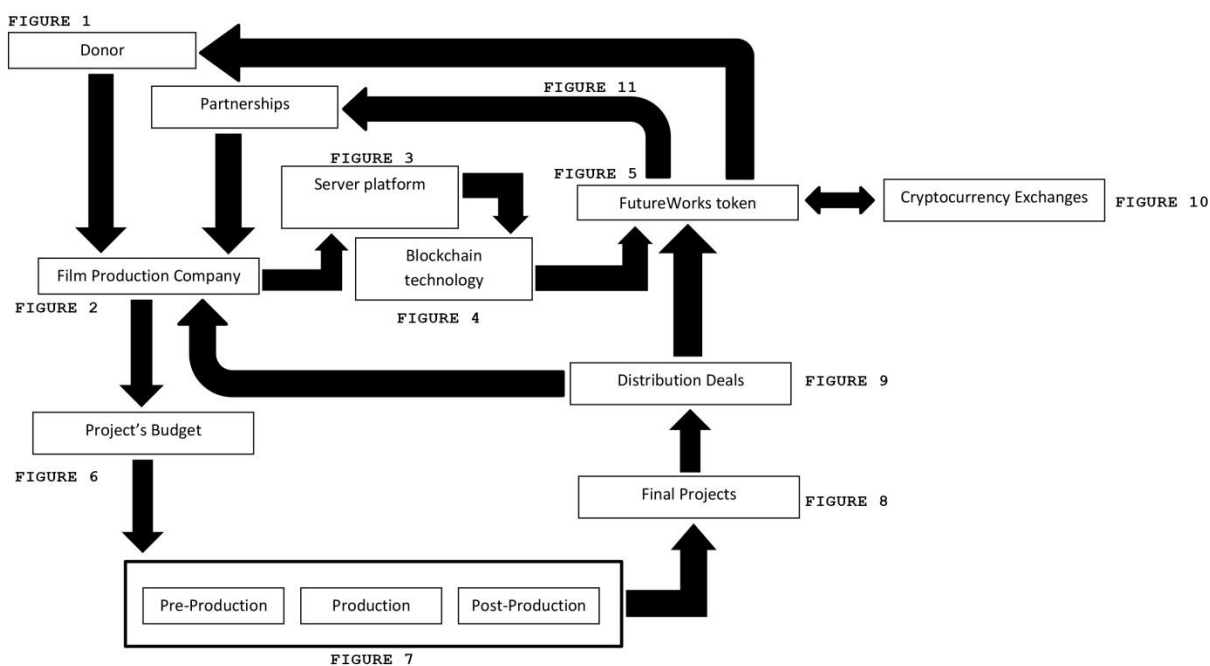

The whole process above will also hold your funds that **may last up to 7-21 business days to collect your funds raised by supporters**. Fees add up and will take away from your overall budget, which will make the creator have to make harder choices in the creative stages.

**Next**, when you finally get your funds that you've raised on a crowdfunding platform you will have to take some funds out to put towards expenses like a t-shirt, DVD, posters, and shipping of those items to donors. Any filmmaker knows that you will have a ton of expenses to create a motion picture and bring it to life, so money is already tight. You have to pay for things during pre-production, production, and post-production. Surveys tell us that donors want to feel more involved when they support a cause.

**Lastly**, your crowdfunding should reach the world and not be limited. Most platforms will charge donors that are out of United States another fee to process their donation. Its hard marketing your crowdfunding campaign since you will need a budget to put together a marketing plan. Donations don't come easily since it's all about word of mouth or posting your campaign on social media nowadays. Since everyone is connected somehow, we would **believe** collecting donations would be easier, but it's not. You will hear about the successful campaigns that raised their goal, but after researching we've found that a lot of campaigns overall fail on major crowdfunding platforms. If you want to have a better chance you will need to spend more money and for independent filmmakers that is troublesome. You will need to hire a PR firm to help you collect donations worldwide, which is rough enough for smaller production companies to afford.

## 3.0 - Our Proposed Solution

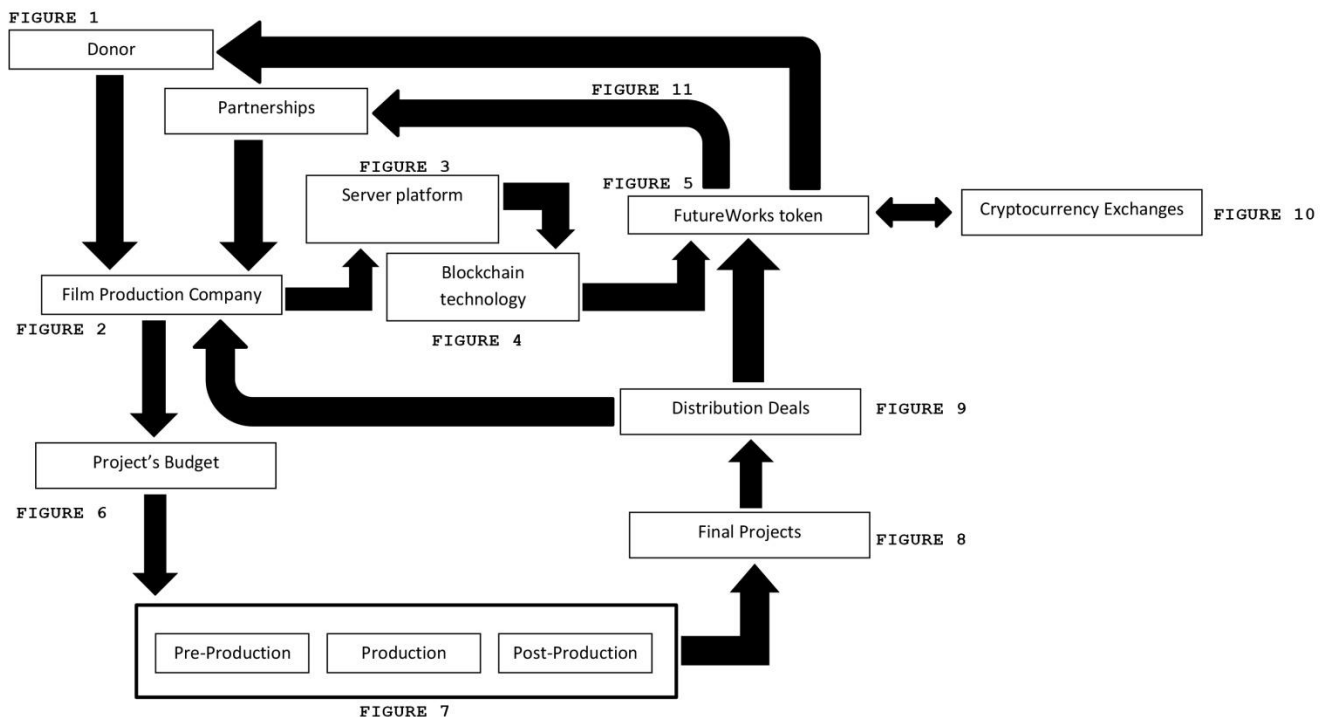

Our **blockchain architecture** down below will go over in full details how our new blockchain technology will process.

- **Figure 1:** Donor, so any individual or group that would like to show their support may.
- **Figure 2:** Film production company, which is who will oversee the server platform, blockchain technology, and FutureWorks token. They will also be in charge of creating motion pictures.
- **Figure 3:** The server platform is a decentralized platform which will handle the blockchain technology and smart contracts.
- **Figure 4:** Blockchain technology will run the custom built smart contracts. This process will handle issuing FutureWorks tokens and can move value around and represent the ownership of property.

- **Figure 5:** FutureWorks tokens was created by Dream Comet Studios using the film donation blockchain. Tokens are gifted to donors and supporters for their donation to help create motion pictures.
- **Figure 6:** Project's Budget is where the film production company funds will be going to, so it will help create any future film projects.
- **Figure 7:** This is the process of where funds will be going to for any project made under the film production company. Figure 6 will determine Figure 7.
- **Figure 8:** Final film projects will be sent off to festivals, showings, and any other means to get distribution deals (figure 9).
- **Figure 9:** Distribution deals is when the final projects are distributed to the world. Gross Profits will have to be split. A fixed percent will be donated back into Figure 5 to ensure the future of the film donation blockchain.
- **Figure 10:** Cryptocurrency exchanges will be able to help create more funds for future projects. Film donation blockchain is structured to prevent a "pump and dump". This process gives supporters another way to help support the cause of making motion pictures without having to handle the details of making a film.
- **Figure 11:** Partnerships is a form to grow the film donation ecosystem. This will help improve the overall of the self sustaining throughout the blockchain.

Anthony Daniel wants to **ensure** that original motion pictures keep getting made together as a community. He formed a new blockchain that will change the game of crowdfunding for films for years to come by creating **FutureWorks tokens**. Our proposed solution for fixing the main problems is by using our film donation blockchain technology. What is blockchain technology? It is a distributed, decentralized database technology that maintains a growing list of transactions and, through encryption and other activity, verifies their permanence. It's also a **self-auditing ecosystem**, which pretty much means it's **incorruptible**. The blockchain technology brings the highest degree of **accountability**. FutureWorks tokens are an ERC-20 token. We will be running on the main network of the Ethereum blockchain, which has been around since 2015.

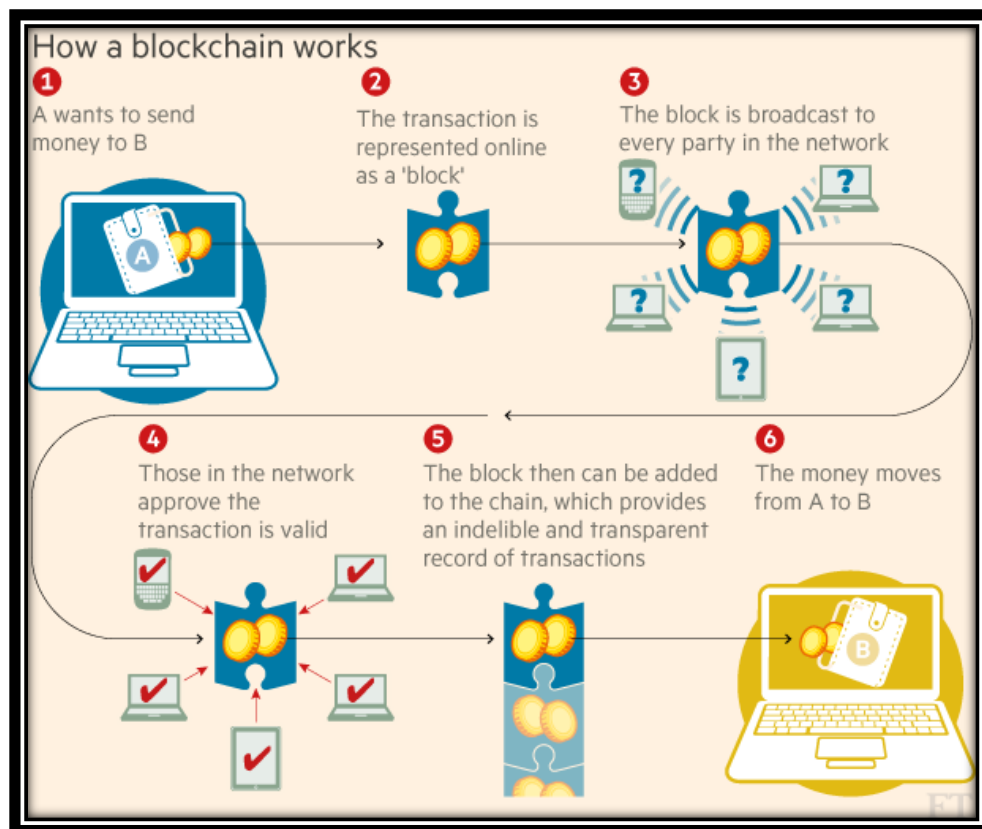

Image Credit: Financial Times

Dream Comet Studios, LLC will **gift donors** FutureWorks tokens for their **support**. The summary of our plan is that the value of the tokens will increase or decrease based on how well the projects do. Another factor of how well the tokens will do is based on the cryptocurrency exchanges. For every ~ **\$0.0118** USD donated to us by the donors, we will gift them a token. That number is changeable and based on the price of Ethereum divided by 99,108. The contract is written for **1 ETH = 99,108** FutureWorks tokens. We've created a **structure** to keep balance and to **enforce responsibility**. Dream Comet Studios, LLC will maintain FutureWorks tokens. What makes this token worth keeping is that any title made under FutureWorks will have to donate a fixed percentage of its profits back into the token supply quarterly starting in **phase three** (~Q4/2018).

We want to keep this all modest. When we do well, you do well. It's that simple. The future is here for the blockchain technology. Digital revenues overall grew by **17.7%** to **\$7.8 billion** USD, drive by a sharp **60.4%** growth in streaming revenue, which is the largest growth in 8 years. We live in a digital age now, so it's time we collect donations the same way. A **decentralized trust** and **reputation system** working **flawlessly together** through a Blockchain based reward eco-system that thanks donors for their support and creates motion pictures.

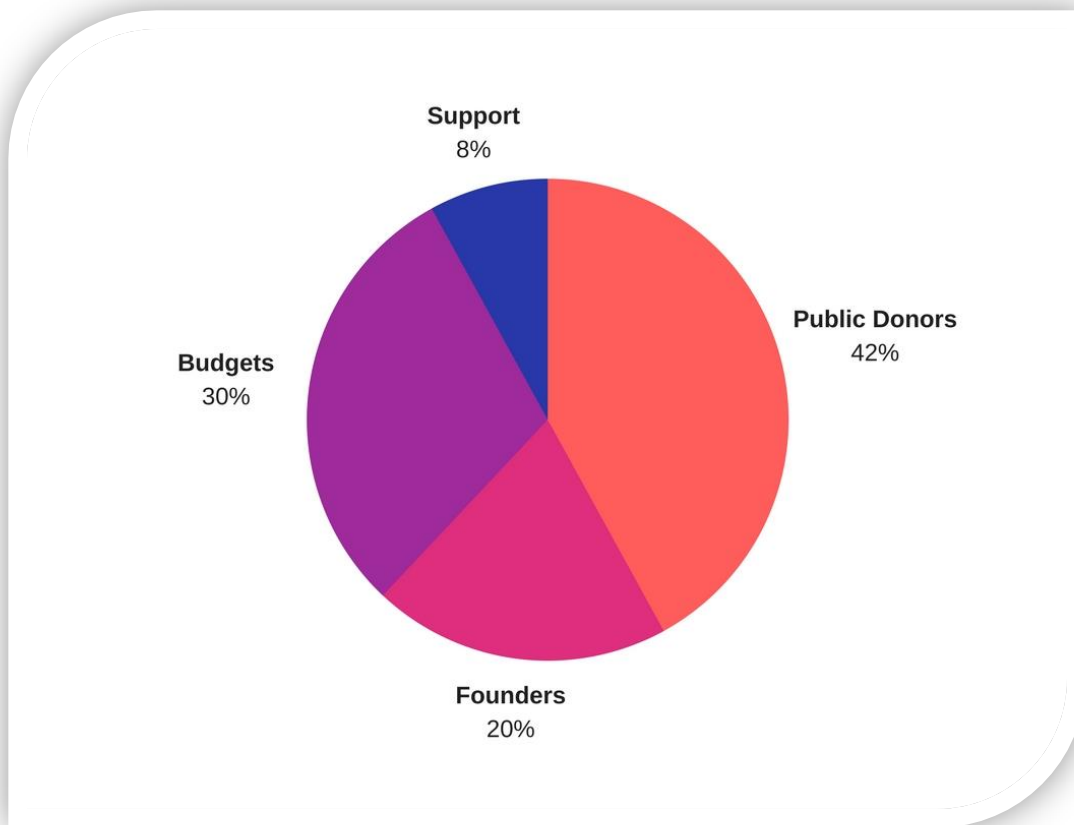

**What is not to love?**

## 4.0 – Crowdfunding & Token Details

---

Our Crowdfunding had to be structured like an ICO, but we believe it to be the first **IDO** (Initial Donation Offering). Our IDO campaign will run from January 29<sup>th</sup>, 2018 to February 12<sup>th</sup>,

2018. We plan to **gift** a token for every penny we collect (*example: Donor donates \$100 of ETH which will earn the supporter a gift of around ~8,474.57 tokens*).

The **token allocation** is setup as following; Public Donors **420,000,000** – Budgets **300,000,000** – Founders **200,000,000** and Support **80,000,000**. Tokens gifted during our pre-collection will be locked until March 31<sup>st</sup>, 2018. Once tokens become unlocked donors will have the ability to claim their tokens and send them to an **ERC-20 compatible Ethereum wallet**. Please do not use an exchange wallet address. Your tokens will be lost.

**FutureWorks token** has the symbol of **FTW**. The token is an ERC-20 with custom coding to ensure the safety of our tokens. This is **NOT a security** token since we do not accept investors nor sell tokens. The max supply of **FTW** is set to **1,000,000,000**.

# 5.0 – Phases and Roadmap of 2018

---

## PHASE 1: PRE-COLLECTIONS AND GENERATING SUPPORT FROM THE COMMUNITY

**Goal:** We will be open to collecting donations from the crypto community to gather funding to fund future motion picture projects. At the end of this phase, we will use only 30% of the value to put towards projects. This token is aimed to be listed on only three crypto exchanges during this phase.

Time: 01/29/2018 to 04/01/2018 (~Q1/2018)

## PHASE 2: DEVELOPMENT AND PRE-PRODUCTION

**Goal:** Start using funds to develop our first motion pictures under the token. We ensure that one title will be made under FutureWorks tokens in 2018. The token will also be listed on more crypto exchanges (~10 – 30 crypto exchanges).

Time: 04/01/2018 to 10/30/2018 (~Q2+Q3/2018)

## PHASE 3: OUR RELEASES AND YOUR REWARDS PHASE

**Goal:** At this point in time, we will have released our first project that used FutureWorks tokens. The token will only be listed on the top eight crypto exchanges that it has performed the best on. This is set to be the phase where the project will donate a fixed percentage of its profits back into the token supply. We also plan to accept partnerships at the start of 2019.

Time: 10/31/2018 to 02/01/2019 (~Q4/2018).

# ROADMAP OF 2018

---

**JANUARY** = Pre-collections & Generating support for FutureWorks

**FEBUARY** = Have token get listed on 3 crypto exchanges

**MARCH** = Donors from our pre-collection can sell their tokens

**APRIL** = Announce and prepare for our first project

**MAY to SEPTEMBER** = Pre-Production, Production, and Post-Production

**OCTOBER** = Set to release our first project worldwide

**NOVEMBER** = Start working on more projects for 2019

**DECEMBER** = Open partnerships. We also hope everyone enjoys their holidays 😊

## 6.0 – Legal and Terms + Conditions

---

### General Information

*FutureWorks token does not have the legal qualification of a security since it does not give any rights to dividends or interests. This is not a sale of FutureWorks tokens. Any donation donated to us is final and non-refundable. FutureWorks tokens are not shares and do not give any right to participate to the general meeting of FutureWorks. FutureWorks tokens are gifted to donors as a special thank you for their support in our cause. The Donors of FutureWorks tokens is aware that national securities laws, which ensure that investors are sold investments that include all the proper disclosures and are subject to regulatory inspection for the investors' protection, are not applicable.*

*Anyone donating to our cause expressly acknowledges and represents that she/he has carefully read this white paper and fully understands the risks, costs and benefits associated with their own donation.*

### Knowledge Required

*The donors of FutureWorks tokens undertakes that they fully understand and has significant experience of cryptocurrencies, blockchain systems and services, and that she/he understand the risks associated with crowd donations as well as the mechanism related to the use of cryptocurrencies.*

## **TERMS AND CONDITIONS**

**KINDLY READ THESE TERMS AND CONDITIONS CAREFULLY AS THIS WILL AFFECT YOUR LEGAL RIGHTS, OBLIGATIONS, WAIVERS, AND LIMITATION OF LIABILITY IN REGARDS TO USING THIS WEBSITE AND YOUR DONATION FOR FUTUREWORKS TOKENS. IF YOU DISAGREE WITH ANY PART, PORTION OR ALL OF THESE TERMS AND CONDITIONS, PLEASE EXIT THIS WEBSITE AND DO NOT DONATE FOR FUTUREWORKS TOKENS.**

Acceptance of these terms

These General Terms and Conditions (hereinafter referred to as the “Terms”), and any/all accompanying Policies or additional terms shall constitute a legally binding Agreement between “Us” “FutureWorks Token Owner” and any/and all donators and website Users.

User consent and understands that by accessing or using this website or donation for FutureWorks Tokens, the User has fully read, understands, and conclusively accepts these Terms.

Our Provisions

- i. We reserve the right to refuse your donation for FutureWorks Tokens to anyone for any reason at our sole discretion.
- ii. We reserve the right to change, amend, alter, supplement or modify this Agreement at any time with or without prior notice to you at our sole discretion.
- iii. We furthermore reserve the right, at our complete discretion and at any time to modify or to permanently or temporarily eliminate, or suspend the Website, and/or deny access to the Website at any time for any reason.
- iv. By accessing or using this Website and participating in the FutureWorks Token Donation, you represent and warrant that:
  - You are at least 18 (eighteen) years of age and legally able to enter into this Agreement with Us without violating any agreement, laws or order by doing so;
  - You are not donating for the FutureWorks Token or exchanging any cryptocurrency for FutureWorks Token for the purpose of speculative investment; and
  - You are not a resident or a citizen of a geographic area in which use of the Website or donation for the FutureWorks Token is prohibited by applicable law, regulation, treaty, administrative act or decree.

- Any donations received during our pre-collections (01/29/2018 to 02/12/2018), you will have to hold onto your gifts (FutureWorks tokens) until March 31st, 2018 12:01a EST.

#### INDEMNIFICATION

To the extent permitted by applicable law, you shall defend, indemnify and hold us and/or our affiliates, directors, subsidiaries, employees, agents, successors, permitted assignees and officers harmless against and from any and all damages, losses, claims, actions, suits, proceedings, demands, liabilities and/or expenses, as well as attorneys' fees incurred by any third party against the Us arising out of your breach of any representation, obligation or warranty, hereunder. Or against Us for our failure to carry out any of our obligations under this Agreement as a result of causes beyond our control, including but not only any strike, shortage of labor or materials, delays in transport, lockout, hacker attacks on the Website or any mechanism which have any relation to FutureWorks Token Donations

#### LIMITATION OF LIABILITY AND WARRANTY DISCLAIMER

Any and all donations for FutureWorks Tokens are final and non-refundable. By donation for the FutureWorks Token, the User consent and agree that neither Us nor any other of its affiliates will provide a refund for any reason.

Furthermore, this Website and the FutureWorks Tokens are provided on an "as is" and "as available" basis and without any warranties of any kind, either implied or expressed. You accept all responsibility and liabilities with respect to your access and use of the Website and donation for any amount of FutureWorks Tokens. Dream Comet Studios, LLC does not offer any business advice. Dream Comet Studios, LLC is not a financial institution.

Furthermore, we did not represent or warrant that all/any information available on the Website is reliable or completely accurate or that the Website will be free of viruses, that any error or defects will be corrected, or that the website and services offered through it or the server is free of viruses, worms, Trojan or other harmful components.

#### DISCLAIMER

- We cannot and does not guarantee market liquidity for FutureWorks Tokens. By donating for FutureWorks Tokens, You expressly consent and represent that you fully understand that there may be volatility in pricing and will not seek to Us liable for any losses or any incidental, consequential or special damages arising from, or in any way in association with the donation for FutureWorks Tokens.

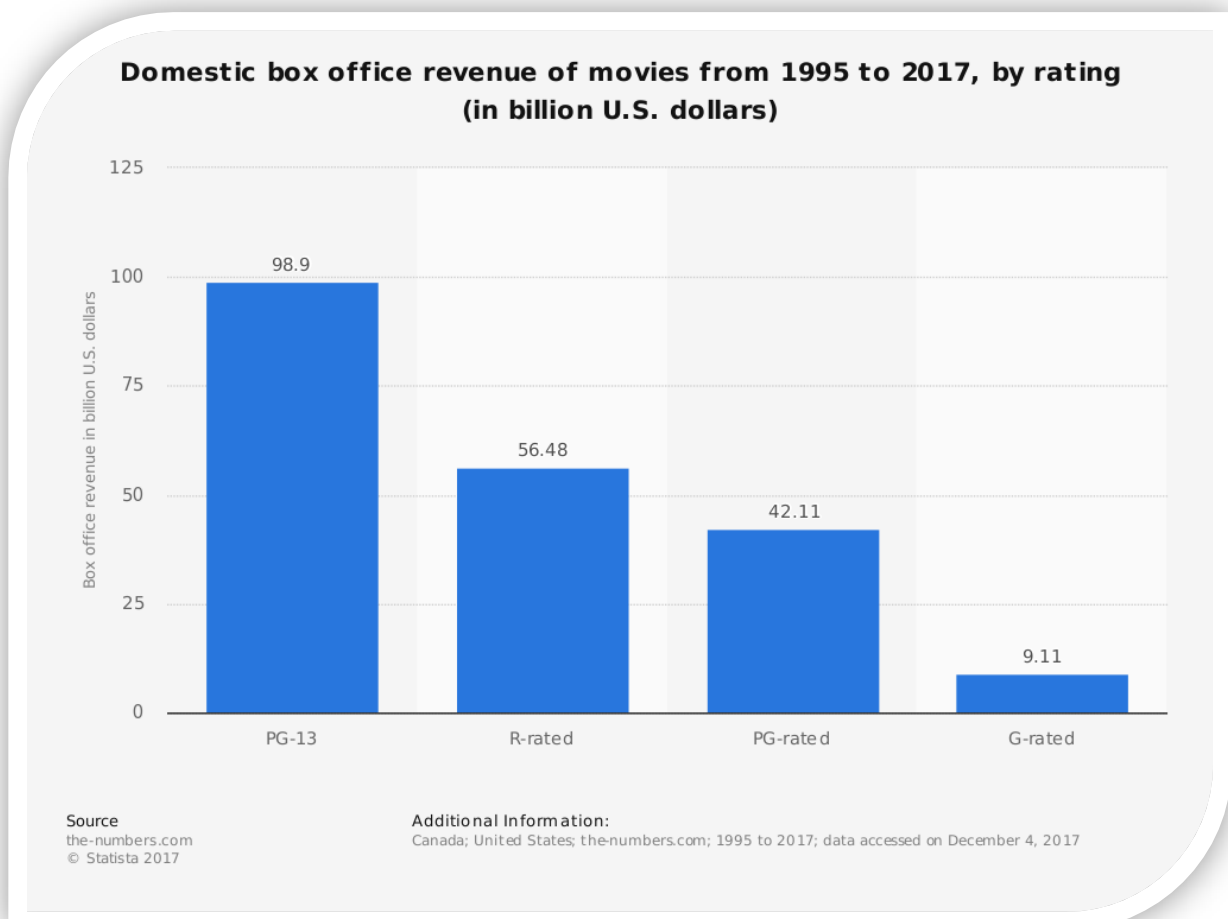

- You should carefully consider all technical and consequential risks associated with the donation for FutureWorks Tokens and, to the extent required, consult a relevant lawyer, tax professional or accountant to guide you in the donation process.

## KYC STATEMENT

Know your customer ('KYC') is the process of a business identifying and verifying the identity of its clients. You will be required to upload different means of identification as applicable to your details to verify your account and to comply with anti-money laundering regulations that govern a platform like ours.

# 7.0 - Stats

TV and video **revenue** worldwide in 2015 was around **286** billion USD. It is projected to be around **324** billion USD in the year 2020.

The total employment in the United States for motion picture and sound recording industries from 2001 to 2017 has increased from **384,000** to **421,000**. The future of digital sales for motion pictures will increase as we move forward. Monthly time spent with video on demand (VoD) content per capita in the United States from **2011** to **2015** has increased as well. What is more interesting is that subscription video on demand has skyrocketed. The number of digital video users worldwide is expected to rise from **473 million** which was studied in 2015 and now that is projected to be over **800 million** in 2021. Rentals or Subscription based services such as Netflix, Hulu, and Amazon Prime Instant Video are expected to account for **30** percent of this total.

## 8.0 - Outro

---

In closing we've shared with you a ton of **important** information. You've learned about FutureWorks token, which was created by Dream Comet Studios, LLC under current CEO Anthony Daniel to help raise funds for motion pictures. Overall, we wanted to create a new way of rewarding our donors for all of their support in helping create future projects.

We figured out the main problems for independent filmmakers and we've created a solution that we truly believe will change the industry for years to come. Anthony Daniel has invented Dream Comet Studio's film donation blockchain in hopes of making sure its donors feel involved and rewarded for their support to our cause. Our end goal is to create original content for our audience and we believe FutureWorks tokens can ensure us in doing so. Stats do show that this industry is far from dying and over the next few years we plan to do what we love with your support. Remember, we will always try our best. If we do well, you do well. It's that simple. Now, let's create some art!
